

Unit Description

fmedge UNIT:	32 Accommodation Planning & Implementation
CATEGORY:	Intermediate

SUMMARY OF UNIT CONTENT:

This **fmedge** Unit covers the competencies required to provide effective advice on the use and design of facilities to meet client needs. These include the ability to research and monitor facilities to identify future processes for meeting facilities requirements.

It also covers the competencies required to provide facilities and amenities and associated services for property users, including the ability to accurately establish the need for facilities and amenities and coordinate the planning, implementation and review of services.

The primary learning outcomes include:

- Identify facilities and amenities requirements
- Conduct analysis on facilities
- Provide advice and recommendations
- Plan for provision of service
- Coordinate implementation of facilities and amenities
- Review effectiveness of facilities and amenities

This **fmedge** Unit presents the following Units of Competence which lead to qualification within the Australian Qualification Framework, plus additional professional core competencies:

AQF Unit Code	AQF Unit Description
PRDPOD523A	Advise on facilities use and design
PRDPOD522A	Coordinate facilities and amenities for property users
